

Summary

Full Stack Developer with experience building scalable and performance-oriented applications across logistics, fintech, and e-commerce domains. Skilled in React, Django, Node.js, MongoDB, and PostgreSQL with strong focus on API design, real-time systems, and responsive UI.

Technical Skills

Languages: JavaScript, TypeScript, Python

Frontend: React, Next.js, Mantine UI, Tailwind CSS, TanStack Query

Backend: Node.js, Express, NestJS, Django, REST APIs, .NET Core (Basic)

Databases: MongoDB, PostgreSQL

Tools: AWS (S3, EC2, Elastic Beanstalk), Docker, Git, GitHub Actions, GCP, Linux, Nginx

Concepts: JWT Auth, RBAC, CI/CD, WebSockets, Microservices, Performance Optimization

Experience

Full Stack Developer

Aug 2025 – Present

OCIUZ Infotech

- Designed and developed scalable applications across logistics, fintech, and e-commerce domains.
- Built responsive UI components using React, Mantine, and TanStack Query with optimized data fetching.
- Developed real-time systems (tracking, enquiry workflows) using WebSockets.
- Built shipment tracking system integrating DHL, FedEx, and UPS APIs.
- Developed fintech features including bank statement extraction (Gemini API) and PDF automation.
- Implemented accounting modules including ledgers and journal systems.
- Optimized APIs and database queries; debugged production issues.
- Worked in Agile teams with code reviews and client collaboration.

Backend Developer

Apr 2025 – Jun 2025

Woxro

- Developed scalable REST APIs using Node.js and MongoDB.
- Built modules for events, travel, sessions, and booking systems.
- Integrated Razorpay payments and AWS S3 file uploads.
- Implemented JWT authentication, RBAC, CI/CD pipelines, and AWS deployment.

Projects

Generic ERP Platform (MERN)

Live — Frontend — Backend

- Built dynamic ERP system enabling automatic UI generation for forms and menus.

Enquiry Extraction System (MERN)

Live — Frontend — Backend

- Developed supplier quotation system with shareable links and admin approval workflow.

Education

B.Tech Computer Science Engineering

2024
